

Dear visitor,

welcome to our domestic, peaceful and green region of Vrbovec, a place which will win everyone's hearts with its beautiful nature, rich cultural and historical heritage, as well as hospitality of our fellow citizens. This region is known for one of the biggest gastro events "What our ancestors ate" („Kaj su jeli naši stari“), on which for years, our fellow hardworking citizens offer home-made, authentic and traditional dishes, dishes whose recipes have been kept for years as a valuable cultural heritage, to all visitors. We proudly protect our green region the same way we protect our customs.

In this pamphlet, you'll get information on responsible waste management in the Town of Vrbovec, the Municipality of Gradec and the Municipality of Preseka.

This is why I want to ask you to join in the protection of the environment so you can always return to it and find it just as you left it.

And remember, take pleasant memories with you and smartly dispose of waste on its designated place!

*Denis Kralj, mayor of the Town of Vrbovec
Ljubica Ambrušec, head of the Municipality of Gradec
Nikola Kožar, head of the Municipality of Preseka*

HOW TO CORRECTLY AND SMARTLY DISPOSE OF WASTE IN OUR TOWN?

Collecting waste in Vrbovec, Preseka and Gradec is done by company Komunalac Vrbovec d.o.o. On one's doorstep, mixed municipal waste is collected, and monthly paper and plastic.

On green islands you can dispose of paper and cardboard, plastic and Tetra pak packaging, glass and textiles.

On Beljavine landfill separately are collected:

- » paper waste
- » metal
- » plastic
- » glass
- » electric and electronic waste
- » waste batteries and accumulators
- » used tyres
- » used oils
- » waste textiles and footwear
- » bulky and construction waste
